Two Fire Districts, Two Proposition Ones, which affects you?

Both King County Fire Protection District 44 (Mountain View Fire and Rescue) and King County Fire District 28 (Enumclaw Fire) have placed ballot issues on the November 5th general election; both have been titled "Proposition One" by King County Elections. Mountain View and Enumclaw Fire Departments share a common border on the Enumclaw Plateau.

On 400th AVE SE, between State Hwy 169 and State Hwy 164, the north side of 400th is in District 44 and the South side in District 28. Both districts work together to provide emergency services along this common border.

Those who live in each of these districts will be seeing a ballot measure related to their fire department in November. If you are not sure what District you live in, there are several ways for you to determine this.

- Your Property Tax Statement will identify the Fire District you are in.
- The King County Parcel View Map, on line can be used.
- Contacting either fire department during regular business hours.
- The ballot measure that arrives in your mail will be specific to your fire department.

Should you have a question about the ballot measures, citizens are encouraged to contact their fire district directly and/or visit their web page. General Election November 5th, 2013, will be an all-mail in ballot. Registered voters will receive a ballot in the mail. Those not currently registered have until October 7th to register by mail, King County Elections can be contacted at 206 296 8683 or go to www.kingcounty.gov/elections.

About Mountain View Fire & Rescue / Black Diamond Fire Department

King County Fire Protection District #44 (KCFD #44) also known as Mountain View Fire & Rescue / Black Diamond Fire Department serves approximately seventy square miles in South King County. We serve The City of Black Diamond and the Muckleshoot Indian Tribe but the majority of our area is unincorporated King County. KCFD #44 has volunteer firefighters, EMTs, and rescue personnel and career firefighters.
